## EXPERIENCE

### Eddy HR, Provo, UT

**Associate Quality Assurance Engineer**— May 2022 - Jan 2025

Executed manual and automated tests to ensure the functionality, usability, and performance of software products.

Developed comprehensive test plans and test cases based on project requirements and specifications.

Collaborated with cross-functional teams including developers, designers, and product managers to understand project goals and requirements.

Identified, documented, tracked, and communicated bugs using bug tracking systems such as JIRA.

Participated in daily stand-up meetings to provide updates on testing progress and discuss any roadblocks or challenges faced during the testing process.

### Miracle Ear, Provo, UT

**Front Office Associate**— Feb 2021 - May 2022

Maintained accurate records of patient information, payment details, and special requests.

Utilized patient management system (PMS) software to manage guest profiles, arrivals, and availability updates.

## EDUCATION

### Utah Valley University, Orem UT — *BS: Computer Science* *Emphasis: Full Stack Web Development* *Minor: Digital Media*

August 2020 - Spring 2024

Maintained a 3.89 GPA to uphold my scholarship, the Presidential Scholarship.

Proficient in designing, developing, and deploying scalable web applications using modern technologies such as React, Next.js, Node.js, Express.js, and Spring Boot.

Experienced in building responsive, user-friendly interfaces and optimizing performance for seamless user experiences.

Passionate about problem-solving, software architecture, and staying up to date with industry trends to deliver efficient and innovative solutions.

## SKILLS
